

## Outdoor Gate Magnetic Lock System 12 or 24 Volt DC Power (not included) 1200 lbs. Holding Force

DK1216-080

24 Volt Transformer  
Wt. 1.15 lbs.

DK1812-136

12 Volt Transformer  
Wt. 1.15 lbs.

DK1812-020

- \* **1200 lbs. Holding Force** magnetic lock.
- \* Built-in electrical enclosure with predrilled and tapped conduit holes.
- \* Steel (can be welded) predrilled and tapped lock and armature mounting brackets.
- \* 12 or 24 Volt DC operation.
- \* Top, bottom or face mounting.
- \* Quick release "pop" button on Armature.
- \* Wt. 15 lbs.

## Electromagnetic Gate Lock 12 or 24 Volt DC Power (Included) 1200 lbs. Holding Force

ENFE-942FC-1K3SQ

- **1,200-lb Holding force, Face Mount**
- For most types of outdoor sliding and swinging electric gates.
- Can be welded or bolted directly to gate.
- Brackets are zinc-plated for corrosion resistance.
- Black finish to match most gates.
- Water and vandal-resistant attractive stainless-steel finish.
- Maintenance-free, factory-sealed design.
- Fail-safe operation (releases if power is removed).
- Mount vertically or horizontally.
- Four knockouts on junction box.
- Adapter and mounting hardware included.

### Wiring Diagram

|                          |                   |       |
|--------------------------|-------------------|-------|
| Operating Voltage        | 12/24 VDC         |       |
| Holding Force            | 1,200 lbs.        |       |
| Current Draw             | 12V               | 500mA |
|                          | 24V               | 250mA |
| Weight (Approx.)         | 15.9 lbs.         |       |
| Total Maglock & Armature | 11 lbs            |       |
| Bracket                  | 4.6 lbs..         |       |
| Certifications           | CUL, UL, CE, RoHS |       |

## Magnetic Walk Gate Lock 600 lbs. Holding Force With Integrated Handles - 12/24 VAC

LOCMAG2500SL

Powder-coated aluminum casing

No Welding Needed. Fast and easy fixing by means of 7 holes with Quick-Fix Fasteners

8-1/2" H. x 4" W. (Overall)

250kg - 600 lbs

Great For  
Walk Gates

## Armored Door Loop 24" All Stainless Steel Design

Use this door loop when you need to transfer low-voltage electrical current from the door frame to the door. Wt. 1 lb.

1/4"  
Diameter  
24" Long

K-DS-24

Other Lengths Available
