T-Latch™**Toggle Action General Purpose Lockable Gate Latch**

The T-Latch is a general purpose gate latch designed to replace conventional metal gravity latches. This toggle-action gate latch is both simple and quick to install and is highly effective, with its pivot-style latch bolt that toggles vertically to automatically accommodate gate sag and ground movement.

**TL01**

- Reliable latching action
- Toggle action automatically compensates for gate sag
- Fits all square posts & gate frames
- Horizontally & vertically adjustable
- Padlockable, with storage feature
- Strong & 100% rust proof
- Made from strong engineering polymers and stainless steel components.

4-3/4" H. x 1-9/16" D.
Ideal Gap: 1"
Gap Variance: 3/8" - 1-3/4"
Color: Black

MAGNA•LATCH - Side Pull

MAGNA•LATCH Side Pull general-purpose gate latches offer a simple and effective latching solution for gates around homes and gardens, with over 3/8" in vertical and horizontal adjustment for easy installation. These quality latches have no mechanical interference to closure, offering unprecedented reliability, safety and child resistance. Made from strong engineering polymers and stainless steel components. Wt. 0.30 lb.
