Preset Tension Non-Adjustable Type

Lockey Pedestrian Gate Closers are an economic and reliable automatic gate closer for use with commercial gates. Unlike normal closing springs, Lockey Pedestrian Gate Closers do not slam gates shut. They firmly and quietly push gates closed, protecting your lock components and latching devices. The closing speed is pre-set to provide a controlled close of 8 seconds or more, depending upon the weight of gate and quality of hinges. With this closer there is no risk of maladjustment or tampering with the speed adjustment after the closer is fitted. Lockey Pedestrian Gate Closers are extremely simple to install. Each gate closer kit includes mounting brackets, fitting bar and instructions. As with most gate closers, *it is advisable to install a mechanical stop to restrict the gate opening angle and avoid damaging the closer.* 31" length x 1-1/2" Dia. Max. Wt. 6.5 lbs. **1 Year Warranty.**

Part #	Material	Finish	Opening Angle	Gate Wt.	Gate Width	Gate Material	Gate Closing Speed*	Opening Pressure
LKTB200	Steel	Black	Max. of 110°	Up to 125 lbs.	48" to 52"	Steel, Wood, Vinyl	Hydraulically Controlled	5-10#
LKTB200-SS	Stainless Steel	Stainless Steel	Max. of 110°	Up to 125 lbs.	48" to 52"	Steel, Wood, Vinyl	Hydraulically Controlled	5-10#
LKTB400	Steel	Black	Max. of 110°	Up to 175 lbs.	52" to 64"	Steel, Wood, Vinyl	Hydraulically Controlled	7-12#
LKTB400-SS	Stainless Steel	Stainless Steel	Max. of 110°	Up to 175 lbs.	52" to 64"	Steel, Wood, Vinyl	Hydraulically Controlled	7-12#
LKTB600	Steel	Black	Max. of 110°	Up to 250 lbs.	64" to 72"	Steel, Wood, Vinyl	Hydraulically Controlled	12-16#
LKTB600-SS	Stainless Steel	Stainless Steel	Max. of 110°	Up to 250 lbs.	64" to 72"	Steel, Wood, Vinyl	Hydraulically Controlled	12-16#

Adjustable Type

The Lockey TB 250/450/650 Plus Pedestrian Gate Closer is a fully featured commercial closer that provides consistent automatic closing without slamming. This gate closer has an adjustable closing speed and a choice of bracket fitting holes giving more control of the gate when closing. Mounted on the gate surface, the Lockey TB Plus Pedestrian Gate Closer is suitable for retrofitting to existing gates and for fitting to new gates at the time of fabrication. Each gate closer kit includes a closer, brackets, fitting bar, and instructions. Mounting bolts and screws are not included as they vary according to the gate and post specification. As with most gate closers, *it is advisable to install a mechanical stop to restrict the gate opening angle and avoid damaging the closer.*
