

Perforated & Expanded Metal

15-10

**Galvanneal Perforated Sheet Metal 24 Ga.
1/16" Small Hole - 1/8" Staggered Centers**

SMALL HOLE

3 FT. X 7 FT. - Sheet
Hole Size: 1/16"
Wt. 14 lbs.

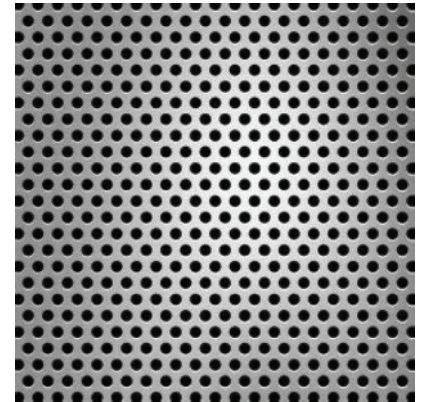

PER3X7SGAL

4 FT. X 7 FT. - Sheet
Hole Size: 1/16"
Wt. 18 lbs.

PER4X7SGAL

Use 1/16" U-Edge Trim See Below

**Galvanneal Perforated Sheet Metal 24 Ga.
3/32" Large Hole - 5/32" Staggered Centers**

LARGE HOLE

3 FT. X 7 FT. - Sheet
Hole Size: 3/32"
Wt. 15 lbs.

PER3X7BGAL

4 FT. X 7 FT. - Sheet
Hole Size: 3/32"
Wt. 19 lbs.

PER4X7BGAL

Use 1/16" U-Edge Trim See Below

GALVANNEALED FINISH

Galvannealed steel is galvanized steel which have been zinc coated at the steel mill. The process is designed for rust and corrosion resistance. Then the steel goes through an additional annealing process which vastly improves the formability, welding and paint adhesion. The resulting finish is a dull gray matte surface.

Flattened Expanded Metal 4 ft. x 8 ft. Sheets

1/2" DIAMOND

3/4" DIAMOND

Use 1/4" U-Edge Trim

4 FT. X 8 FT. - Sheet
1/2" Diamond
16 ga. Thickness
Wt. 27.5 lbs.

PER4X8E Plain Steel

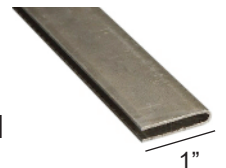

PER4X8EGAL Galvanized

4 FT. X 8 FT. - Sheet
3/4" Diamond
9 ga. Thickness
Wt. 42.5 lbs.

PER4X8E3

Plain Steel

Sheet Metal U-Edge Trim Plain Steel - 12 ft. Lengths

1/16" Open U-Edge

WWWUE-1/16

Wt. 4.25 lbs.

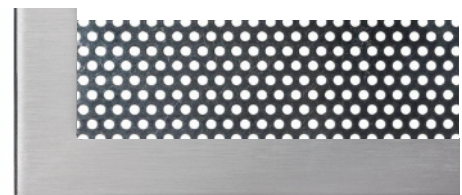

Plain Steel
1/4" Open
18 Ga. U-Edge Thickness
1" Width Legs
12 ft. Lengths

1/4" Open U-Edge

WWWUE-1/4

Wt. 4 lbs.

Plain Steel
1/4" Open
18 Ga. U-Edge Thickness
1" Width Legs
12 ft. Lengths

For a nice clean look, use the U-Edge Trim to finish your job.
