

Mechanical Pushbutton Locks

3-13

CODELOCK 610 Series - *MECHANICAL* Pushbutton Lock -

Single & Double Sided with a SINGLE CODE Access. For Commercial or Residential use.

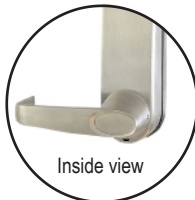

The CL610 is a heavy duty tubular mortise latch lock. The outside lever handle will retract the latch after a correct code is entered. The spring loaded latchbolt will lock automatically when the door is closed.

Quick Code change! The CL610 has the new Quick Code system which allows "on the door code change" in seconds.
