Jansen Industrial Grade Paints - Oil Based

Excellent industrial-purpose, high solids, low VOC modified alkyd primers and enamels. Formulated for the wrought iron and structural steel industry, these coatings provide excellent protection for a variety of ferrous and non-ferrous metal substrates. Ideal for interior or exterior application on industrial machinery, heavy equipment, utility trailers, farm equipment, structural steel, and ornamental iron work. Film hardness and dry time may be substantially improved with the addition of our Alkyd Hardener

Dry to Touch: 1-2 hours
Recoat: 8 hour

Dry to handle: 3-4 hours
To cure: 7-10 days
